

1st February 2022

Dear Parents / Carers

On Friday 11th February we are very excited to be welcoming Mike Culley into school to deliver some space workshops for our pupils to tie in with our topic. Mike is one of the most experienced live planetarium presenters in the UK.

The children will be learning about stars, planets and constellations. They will be discussing space life and space travel, meteorites and space toys.

We would love the children to have a 'spaced themed' non uniform day to mark this occasion. No expense is necessary, so please do not feel pressured to buy a new outfit. Anything space related or homemade will suffice.

I am sure the children will have a very exciting and fun filled day.

More information can be found on the following website: <https://www.sciencehorizons.co.uk>

Yours sincerely

Mrs T.Walker
Headteacher
